## PROFILE

---

To obtain a position in a dynamic and growth-oriented organization where I can apply my analytical and problem-solving skills to drive impactful results, while continuously learning and advancing my professional development.

## EDUCATION

---

**CMR TECHINICAL CAMPUS**

*Bachelor of technology in Computer Science and Engineering (CSE)*

2020 – 2024

Hyderabad

## PROJECTS

---

### Smart Loan Calculator

Developed a responsive web app that calculates monthly EMI, total payment, and interest for various loan amounts. The tool allows users to adjust the interest rate and tenure dynamically using sliders, offering a smooth and intuitive UX. Built using **HTML**, **CSS**, and **JavaScript**, with real-time result updates.

### Split and Share

Built a simple yet effective tool for splitting expenses among friends or groups. Users can input amounts and share details to instantly view individual share amounts. Designed with **JavaScript**, focusing on clean UI and quick usability for day-to-day money management.

## TECHNICAL SKILLS

---

### Programming Languages

C, Python, C++

### Front end:

HTML, CSS, Javascript

### Backend

Node js, express js

### Database:

SQL
