SUMMARY

Computer Science graduate with hands-on experience in MERN Stack (**MongoDB, Express.js, React.js, Node.js**) and building scalable full-stack applications. Completed projects like Quick Chat, a real-time messaging app with WebSockets, authentication, and responsive UI. Strong foundation in JavaScript, REST APIs, database management, UI development, and backend architecture. Experienced with Git/GitHub, deployment workflows, and writing clean, maintainable code. Fast learner with strong problem-solving skills, eager to contribute as a Full Stack Developer Intern or Entry-Level Developer.

TECHNICAL SKILLS

Programming Languages

Python, JavaScript

Frontend

HTML, CSS, JavaScript, React.js

Backend

Node.js, Express.js

Database:

SQL, MongoDB

Tools:

Git, GitHub, VS Code

EDUCATION

CMR Technical Campus

Bachelor of Technology in Computer Science and Engineering (CSE)

2020 – 2024

Hyderabad, India

PROJECTS

QuickChat – Real-Time Chat Application

Tech: React.js, Node.js, Express.js, Socket.IO, MongoDB, JWT, Tailwind CSS

- Developed a real-time messaging app with instant 1–1 chats using WebSockets.
- Built secure JWT-based authentication and REST APIs for users and chat management.
- Designed responsive UI with React + Tailwind, enhancing user experience and engagement.
- Deployed full-stack app on Render, handling 10,000+ messages reliably.

Split and Share

Tech: HTML, CSS, JavaScript

- Built a responsive web app to split bills among up to 20 users per group, improving expense tracking efficiency.
- Designed a clean, user-friendly interface for fast navigation and seamless multi-device use.
- Deployed on Netlify, achieving < 2s load time and reliable performance for many simultaneous users.

INTERSHIP

MIS Trainee

Healing Fields Foundation

03/2025 – 08/2025

Hyderabad, India

- Generated automated MIS reports and dashboards, improving reporting efficiency by ~40%.
- Collaborated with teams to track KPIs, visits, and performance metrics.
- Streamlined data collection... reducing errors and improving accuracy.
- Presented insights to management to support data-driven decisions.
